CRUISING THE BLUE

## PRIVATE CRUISES

### DELOS & RHENIA CRUISE

Starting from the beautiful port of **Agia Anna**, we travel you to the **Unesco world heritage site of Delos**, where you can admire the statues and the ancient monuments from the sea. Afterward we continue our cruise towards **the secluded paradise of Rhenia island**, stopping at one or two different beaches with unique crystal waters. A full brunch, champagne, soft drinks, swim and water activities, will take place there, before heading back to Agia Anna.

### SOUTH COAST OF MYKONOS CRUISE

Starting from the picturesque port of **Agia Anna**, we travel and introduce you to the most beautiful beaches of the southern coast in Mykonos. **The Ornos beach, VIP beach of Psarou, Platis Gialos, Paranga, Paradise, the famous Super Paradise, Agrari, Elia and Kalo Livadi**, will be at your fingertips throughout your cruise. We will drop the anchor at 1 or 2 beaches of your choice, so you can enjoy your swim in the crystal clear waters, feeling the vibes of the beach clubs. However we will serve our tasty brunch-full of vitamins and energy, accompanying it with champagne and soft drinks. Then we are going back to our starting point to Agia Anna.
